

Job title: LEAD SOFTWARE ENGINEER
Job type: Full time, employee
Industry: Gaming
Years of Experience: 10+

Novomatic Group of Companies is the largest gaming technology company in Europe expanding its business to North America. Novomatic is an integrated, global gaming company producing, distributing and operating high tech gaming equipment in well regulated markets around the world. Our US subsidiaries focus on the development and distribution of gaming equipment in the North American and Caribbean markets.

In order to strengthen our US team in our office in Mt. Prospect, Illinois, the newly created position of the

LEAD SOFTWARE ENGINEER

is vacant.

JOB SUMMARY:

The Lead Software Engineer will be the key technical force within a small studio designing and implementing slot games. You will work hand-in-hand with designers, artists, mathematicians, and testers from conception to release and beyond. As Lead, you will be responsible for setting the engineering standards within the studio and the successful completion of all projects. You will build bulletproof software upon one of the world's leading gaming platforms.

ESSENTIAL DUTIES AND RESPONSIBILITIES:

- Be a dynamic, creative, and hands-on software developer capable of tackling the most complex projects.
- Work in small, cross-functional, teams to create the best gaming experiences possible.
- Coordinate efforts with European studios and engineering teams to improve the platform.
- Oversee the efforts of junior engineers within the studio.
- Establish and ensure that the studio follows best practices, updating as necessary.
- Maintain impeccable coding skills with continuous improvement and growth.
- Willing to learn and work within deadlines.
- Develop and maintain a professional image in representing Novomatic Americas Sales in both personal interfaces and those communicated via the phone and/or email.

SKILLS/QUALIFICATIONS:

- Bachelor's Degree in Computer Science or equivalent
- 3+ Years leading development teams
- Expert level C++ and Visual Studio
- Boost Libraries
- OpenGL
- Photoshop
- JIRA/Confluence
- Agile Development

- Object Oriented Design
- Source Control (Preferably Subversion)
- Gaming experience is a plus

The position is vacant as of now. Compensation package commensurate with experience - Please add your compensation expectations together with your resume.

Novomatic Americas Sales, LLC is an Equal Opportunity Employer and does not discriminate against applicants for employment because of race, color, sex, age, religion, sexual orientation, gender identity and/or expression, status as a veteran, and basis of disability or any other federal, state or local protected class.
